Tissue Viability Pressure Ulcer Prevention Education Day at University of Southampton

SUMED®

Book Your Free Place Now

On April 12th 2017 the University of Southampton and Sumed are hosting a **free** pressure ulcer prevention education day -

"Improving patient outcomes in pressure ulcer prevention."

Including presentations from Tissue Viability Nurse of the Year 2016, Nicci Aylward-Wotton, and Lecturer in Rehabilitative Bioengineering, Dr Peter Worsley, with demonstrations of the ground-breaking Foresite PT patient monitoring system.

This informative day will offer practical take home messages and information on technologies to improve patient safety.

For more information or to arrange your place, please call Sumed on 01457 890980 or email sales@sumed.co.uk
